

Year 11 Semester 1 (VCE Unit 1) Tuition Classes

TSFX. Voted No. 1 For Excellence and Quality
in VCE Programs and Tutorials

The Intense Workshop Programs 2010

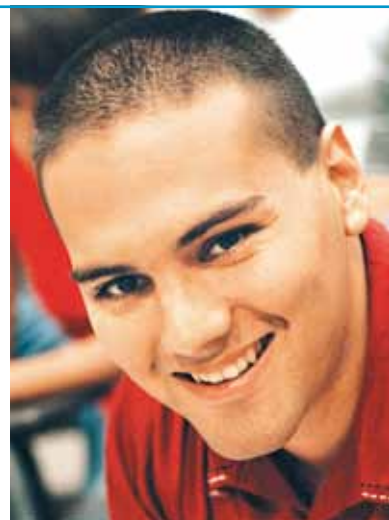

The Intense Workshop Programs are highly specialised **weekly tuition classes** designed to ensure that students reach their **full potential** in Year 11 (including the elite A and A+ scores), whilst simultaneously preparing for Year 12.

These programs are based on a **unique** 10 step system that ensures students receive the **best opportunities** to optimise their VCE scores.

Courses commence Thursday 11th March 2010 and are available in the following Year 11 (Unit 1) subjects:

**Chemistry, Physics and
Mathematical Methods (CAS)**

These weekly classes are truly **powerful** courses that **guarantee** to improve VCE scores. In fact, the majority of students who have attended our past Intense Workshop programs have received A and A+ scores in their examinations! Our students consistently appear in the **Top 100** in the state, with many students achieving perfect Subject Scores, as well as ENTER scores **in excess of 90.00!**

theschoolforexcellence

We Believe in Only One Standard. Excellence.

The School For Excellence is well recognised for its specialised tuition programs that prepare students for the higher ENTER scores. Students attend these small group tutorials on a weekly basis, in addition to their regular classes at school. Classes are held outside of school hours, both after school and on weekends.

Our programs incorporate the content and teaching philosophies of many of the **top schools in Victoria**. Our materials are produced collectively and over a number of years, with each teacher adding his or her experience and expertise to our courses and materials. In this way, students benefit from the knowledge of the **best teachers across the state**, ensuring they are prepared to a standard that is seldom achieved by only attending school.

Our teaching philosophy is based on highly successful methodologies and systems that enable every student to reach their optimal academic performance! In fact, most students find they learn more in the time spent at our Intense Workshop classes than during the time spent at school! Our classes are conducted in a relaxed and friendly atmosphere, conditions that are vital to maximise learning. You will also find that our teachers are highly dedicated, supportive and understanding;

additional reasons why so many of our students perform so well.

We believe that given the right opportunities, guidance and support, EVERY student has the potential to excel in their studies.

Venue: Melbourne Conference & Training Centre (MCTC)
Level 1, 477 Collins Street, Melbourne, VIC, 3000.

Dates: Classes commence Thursday 11th March 2010.

Closing Date For Postal Applications: Wednesday 3rd March 2010
(or when vacancies have been filled). Vacancies are Strictly Limited!

"The School For Excellence turned my previous C average in Maths Methods into straight A's in the final exams. My place in Commerce/Law at the University of Melbourne is very much owed to this remarkable makeover."
Student - Melbourne High School.

Program Details

Our Intense Workshop weekly tuition programs offer students the **ultimate learning experience** and the most **in-depth preparation** for Year 11. These weekly classes review and then **extend** on the knowledge taught at school, exposing students to an **extensive collection** of questions (many of which are not typically accessible to students), as well as frequently overlooked questions and tricks that could appear in the examinations.

Those topics that are studied in Year 11 and then extended upon in Year 12 are covered in our Year 11 weekly classes to Year 12 standard. This measure ensures that students develop **strong foundations** in Year 12 concepts **in advance of their peers**, improving individual student ranking and internally assessed scores. In addition, by covering Year 11 materials to a Year 12 standard, students derive the benefits of exposure to the range of questions and tricks that are typically used to differentiate the elite A and A+ scorers in Year 11 school assessments.

Each subject course incorporates a minimum of 24 hours instruction over 11 weeks (two hours per subject per week for 10 weeks and one complimentary 4 hour examination session). Detailed information regarding the topics/subtopics that will be covered in each course are available at www.tsfx.com.au

Subject Availability and Times

Thursday	5:00pm - 7:00pm	Maths Methods
Friday	4:30pm - 6:30pm	Chemistry OR Maths Methods
Friday	7:00pm - 9:00pm	Chemistry OR Maths Methods OR Physics
Saturday	9:00am - 11:00am	Chemistry OR Maths Methods
Saturday	11:30am - 1:30pm	Chemistry OR Maths Methods
Saturday	2:30pm - 4:30pm	Chemistry OR Maths Methods OR Physics
Sunday	9:00am - 11:00am	Chemistry OR Maths Methods OR Physics
Sunday	11:30am - 1:30pm	Chemistry OR Maths Methods
Sunday	2:30pm - 4:30pm	Maths Methods

Tuition Fees

There are two payment options available - a once off upfront payment or periodic payments over the duration of each course.

Upfront Payment, Half Year Fees - \$625

Full payment of \$625 per subject must accompany the Application Form.

Periodic Payment Plan, Half Year Fees - \$675

A \$195 payment per subject must accompany the Application Form. The balance of fees (\$480) is payable in 4 fortnightly payments of \$120.

Upfront Payment, Full Year Fees - \$1185

Students who nominate to pay their course fees for the entire year are entitled to a 5% discount and a guaranteed position in the class time and/or teacher of their choice in Semester 2.

All notes, materials and exam help tutorials are included in the above listed fees.

How Do I Enrol?

Complete the relevant Intense Workshop Application Form and return together with your payment to The School For Excellence. Application Forms and further course details (including our Year 12 classes) may be obtained by calling our office on (03) 9663 3311, or from our website at: www.tsfx.com.au

"The School For Excellence provides all students with the opportunity to excel. Having attended their lectures and Intense Workshops, The School For Excellence helped me obtain an ENTER of 99.95"
Student - Melbourne Boys' Grammar School

"The School For Excellence provides excellent and thorough notes, and cover all aspects of a course - including exam traps not taught at school."
Student - Camberwell Grammar School

During the Course of the Intense Workshop Programs, Students Will Receive:

- Interactive instruction that **reviews and reinforces** concepts taught at schools.
- Detailed instruction that **strengthens, consolidates and extends** on required concepts, so as to prepare students for the **elite A and A+** scores.

- **Comprehensive notes** that include step-by-step instructions, fully worked examples and take home practice questions. Questions are designed to reinforce taught concepts, and become progressively more difficult as students master the more **challenging aspects** of each course.
- Systematic revision that will ensure a **reduction** in pre-exam **workload and pressure**.
- Exposure to **highly probable** examination questions.
- **Specialised** instruction in examination techniques and problem solving strategies, with significant emphasis on examination tricks and common student errors.
- Exclusive trial examination papers conducted under examination conditions.
- Instruction from our **highly experienced** and qualified teachers.
- Personalised attention and instruction when required.
- Question time opportunities after each class.
- Motivation and support.
- A **distinct advantage** over your subject peers!

The Intense Workshop Programs Will Help You Achieve Higher Scores By:

- Gaining exposure to the **collective knowledge** and experience of the best teachers across Victoria, ensuring students are prepared to a standard that is seldom achieved by only attending school.
- Improving examination performance by providing **intense** instruction in problem solving strategies, examination techniques and tricks.
- Explaining the required knowledge in a language that students relate to and find easy to understand. Our teachers are employed not only on the basis of their academic and professional merits, but also with careful consideration to their communication skills. Where possible, students are instructed ahead of their school so they can gain a **further advantage** over their peers.
- Developing **concrete methodologies** that will enable students to **confidently address** questions they have not previously been exposed to.
- Developing and extending **problem solving** and **analytical** skills.
- **Eliminating** the need to waste **valuable** time preparing examination study notes. Our students receive a fully comprehensive set of notes that cover the required knowledge to an **A+ level**, in a clear, logical and ordered fashion - at no additional charge.
- Progressively committing the required knowledge to memory. This will assist in **reducing last minute stress** and cramming, and enable students to dedicate more time to other subjects.
- **Reducing** the amount of time spent addressing assessment tasks and general **homework**.
- Providing individual instruction and strengthening problem areas by regularly revising the concepts that students find difficult to address.
- Revising all aspects from previous years that are critical for Unit 3.

- Developing skills that will help you manage your time more effectively and complete tests and examination papers within the specified time.
- Providing students with the opportunity to **compare and exchange** materials with students from other schools.
- Providing **guidance** regarding the completion of assignments and assessment tasks to an **A+ level**.

"The School for Excellence is exactly what its name suggests! Through the easy to understand classes and with the help of the notes, students can explore their full academic potential in specific areas of study."

Student - MacRobertson Girls' High School.

Our Unique and Exclusive Course Features.

In addition to our unparalleled instruction and quality, our Intense Workshop students enjoy the following unique and exclusive course features:

Unparalleled Course Notes - Written to an A+ Standard

Each one of our students is issued a **detailed** and **fully comprehensive** set of notes that are reviewed and extended on a continual basis to ensure students possess the most powerful resources for their examinations. As an example, students who attended our Unit 1 Mathematical Methods Master Class course in 2009 received over **680 pages of notes** and **430 exam style questions!**

Our course notes **eliminate** the need for students to **waste valuable time** preparing study materials, and ensures they are afforded the time to commit knowledge to memory and to practice as many questions in the lead up to tests and examinations. Furthermore, as our teachers **examine** and **analyse** the major text books used by Victorian schools, our course materials provide students with the **added benefit** and wisdom of the major resources used across the state, without having to read every textbook or resource available in Victoria.

BonusFeature Detailed Mathematics Reference Materials

Students enrolled in our Mathematics classes will receive a **complete and thorough** set of notes containing **numerous applications** that do not widely appear in texts and study manuals to use as their Reference Materials in the "open book" mathematics exams. These notes also include a detailed examination of **common errors** made by students and cover an extensive variety of exam tricks and watch-outs to ensure that **valuable marks** are not lost during the course of the examinations.

Superior Examination Preparation

Our students receive **hundreds of examination style questions** per subject, to ensure they are **optimally prepared** for their examinations. Students regularly comment that many of the questions they cover during our classes appear in the **actual VCE exams!** Furthermore, **TSFX is well known** for their attention to the development of problem solving/analytical skills, examination techniques, and clarifying exam traps and common student errors.

BonusFeature Teacher/Tutor Assisted Exam Help

Our Exam Help service provides students with **powerful one-on-one** consultations with our experienced and professional teachers and tutors **FREE OF CHARGE!** The Exam Help service is available to students in their enrolled subjects (excluding English) in the weeks leading up to the examinations. Timetables will be issued after the commencement of the Intense Workshop Course.

The Best Teachers and the Most Successful Methodologies!

You will be taught by current and experienced VCE teachers - many of whom are authors of VCE textbooks, writers and markers of VCAA examinations, Chief Assessors and State Reviewers, as well as members of verification and review boards for VCE subjects. Our teachers have been sourced from the **highest ranked schools** in Victoria (by VCE performance)!

New High Technology Facilities with the Latest in Audio and Visual Equipment to Enhance Learning!

BonusFeature Additional Classes As Required

Our classes are held at our own premises in Collins Street, Melbourne (CBD). This means that if students require more assistance, classes can run overtime. If additional classes need to be scheduled, we have the facilities and flexibility to do so. Furthermore, if students require additional instruction or revision, we allow them to attend repeat classes **FREE OF CHARGE!**

Ability to Change Teachers and/or Class Times

We understand there may be personality differences between teachers and students. We also believe there is no point in attending tuition classes if you cannot benefit fully from the instruction provided. Therefore, if you cannot identify with your teacher after the first two sessions, we will change your class times and/or teachers.

BonusFeature Unrestricted Access to Our Homework Centre

Our centre is the **ideal place** for students to meet and conduct study groups, obtain assistance, share ideas or just study in quiet and complete homework under safe and supervised conditions. Exclusive to students attending our Intense Workshop Programs, our centre is open until 7pm on most weekdays and 5pm on weekends.

A Proven Track History of Unrivalled VCE Success

With so much **pressure** and **competition** in the VCE, no one wants to **waste precious time** and **money** searching for the best VCE study support institution. The School For Excellence has over 17 years experience in providing VCE services - meaning that you can be confident we have a genuine understanding of the requirements of the VCE, and have already **tried, tested** and **perfected** our teaching philosophies, teaching methods and course materials; ensuring that you have a greater chance of success in the VCE.

***Note:** Our average **ENTER** score in 2009 was **95.14!** (This score is based on the responses received to date from 2009 students).
